

## 17 You don't know

You never learned to be a good person,  
'cause you grew up without love!  
Your life is grey and empty!  
Inside your heart, you are alone!

You are alone!  
You are alone!

You don't know, what love is  
and you will never know,  
'cause your heart has no room for love!  
(2x)

First learn to love yourself!  
Otherwise you have missed to love in your life!

Can you show me, what love is  
to get real happiness?  
'cause our hearts are made for love!
