

## 18 Why

Why can't anyone love me, how I need it?  
I don't wanna die alone!  
So if you hear me now,  
come to me quickly and be my girl!

Why don't you love me?  
We belong together!  
Why can't you just see?  
You say, I'm your brother, let it be!

Let it be, let it be, let it be!

Let it be, oh, let it be, oh!

Let it be, let it be, let it be!

Let it be, oh, let it be, oh!
