

27 Happy

Finally, I'm happy and now I can enjoy my life!
Forgotten all the rainy clouds
and so now the sun shines for me!

Happiness came in my life!
Now I can tell you, I'm a lucky man!
Closed peace with world!
Anger and pain are far away!

Now life is so good to me!
I was blind, but now I can see!
It was such a long way to get here!
Now, I can feel the sun so near!

Happiness came in my life!

Closed peace with world!
Anger and pain are far away!
